## **DETAILED ACTION**

### ***Election/Restrictions***

1. Applicant's election without traverse of group 1, claims 1, 2, 5 and 6 in the reply filed on 21 March 2006 is acknowledged. Claims 3, 4, 7 and 8 have been cancelled.

### ***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 2, 5 and 6 are finally rejected under 35 U.S.C. 102(b) as anticipated by JP 2002-126985, cited by applicant, and as set forth in the previous Office action. Further, '985, discloses calculating ("setting") the chamfering shape and controlling and carrying out the processing of the chamfering based on the chamfering shape. See column 11 lines 53 through column 14, lines 51, of the English language equivalent 6,688,944, which describes calculating or setting the chamfering shape and using that data to control the grinding processes.

### ***Response to Arguments***

4. Applicant's arguments filed 22 September 2006 have been fully considered but they are not persuasive. Applicant's arguments are a mere statement that the prior art does not disclose the claimed invention as amended. The examiner disagrees. Please refer to the rejection above. It is the examiner's position that JP 2002-126985 clearly

anticipates applicant's claimed invention, based on the English language equivalent 6,688,944.

***Conclusion***

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
